## PROBLEM STATEMENT:

MANY PEOPLE ,STUDENT'S AND EMPLOYEES FACED CHALLENGES IN INSURING COMMUNICATION, WHICH OFTEN LEADS TO DECREASED PRODUCTIVITY AND IT REDUCES TEAM COHESION.

TRADITIONAL COMMUNICATION PROGRAMS MAY NOT FULLY ADDRESS THE SPECIFIC NEED OF EACH INDIVIDUAL GUYS TO GET ITS COMMUNICATION STYLE . SO HOW WE CAN IMPROVE OUR COMMUNICATION SKILLS AND INHANCE OUR SPEAKING OR INTERACTING ABILITY ?

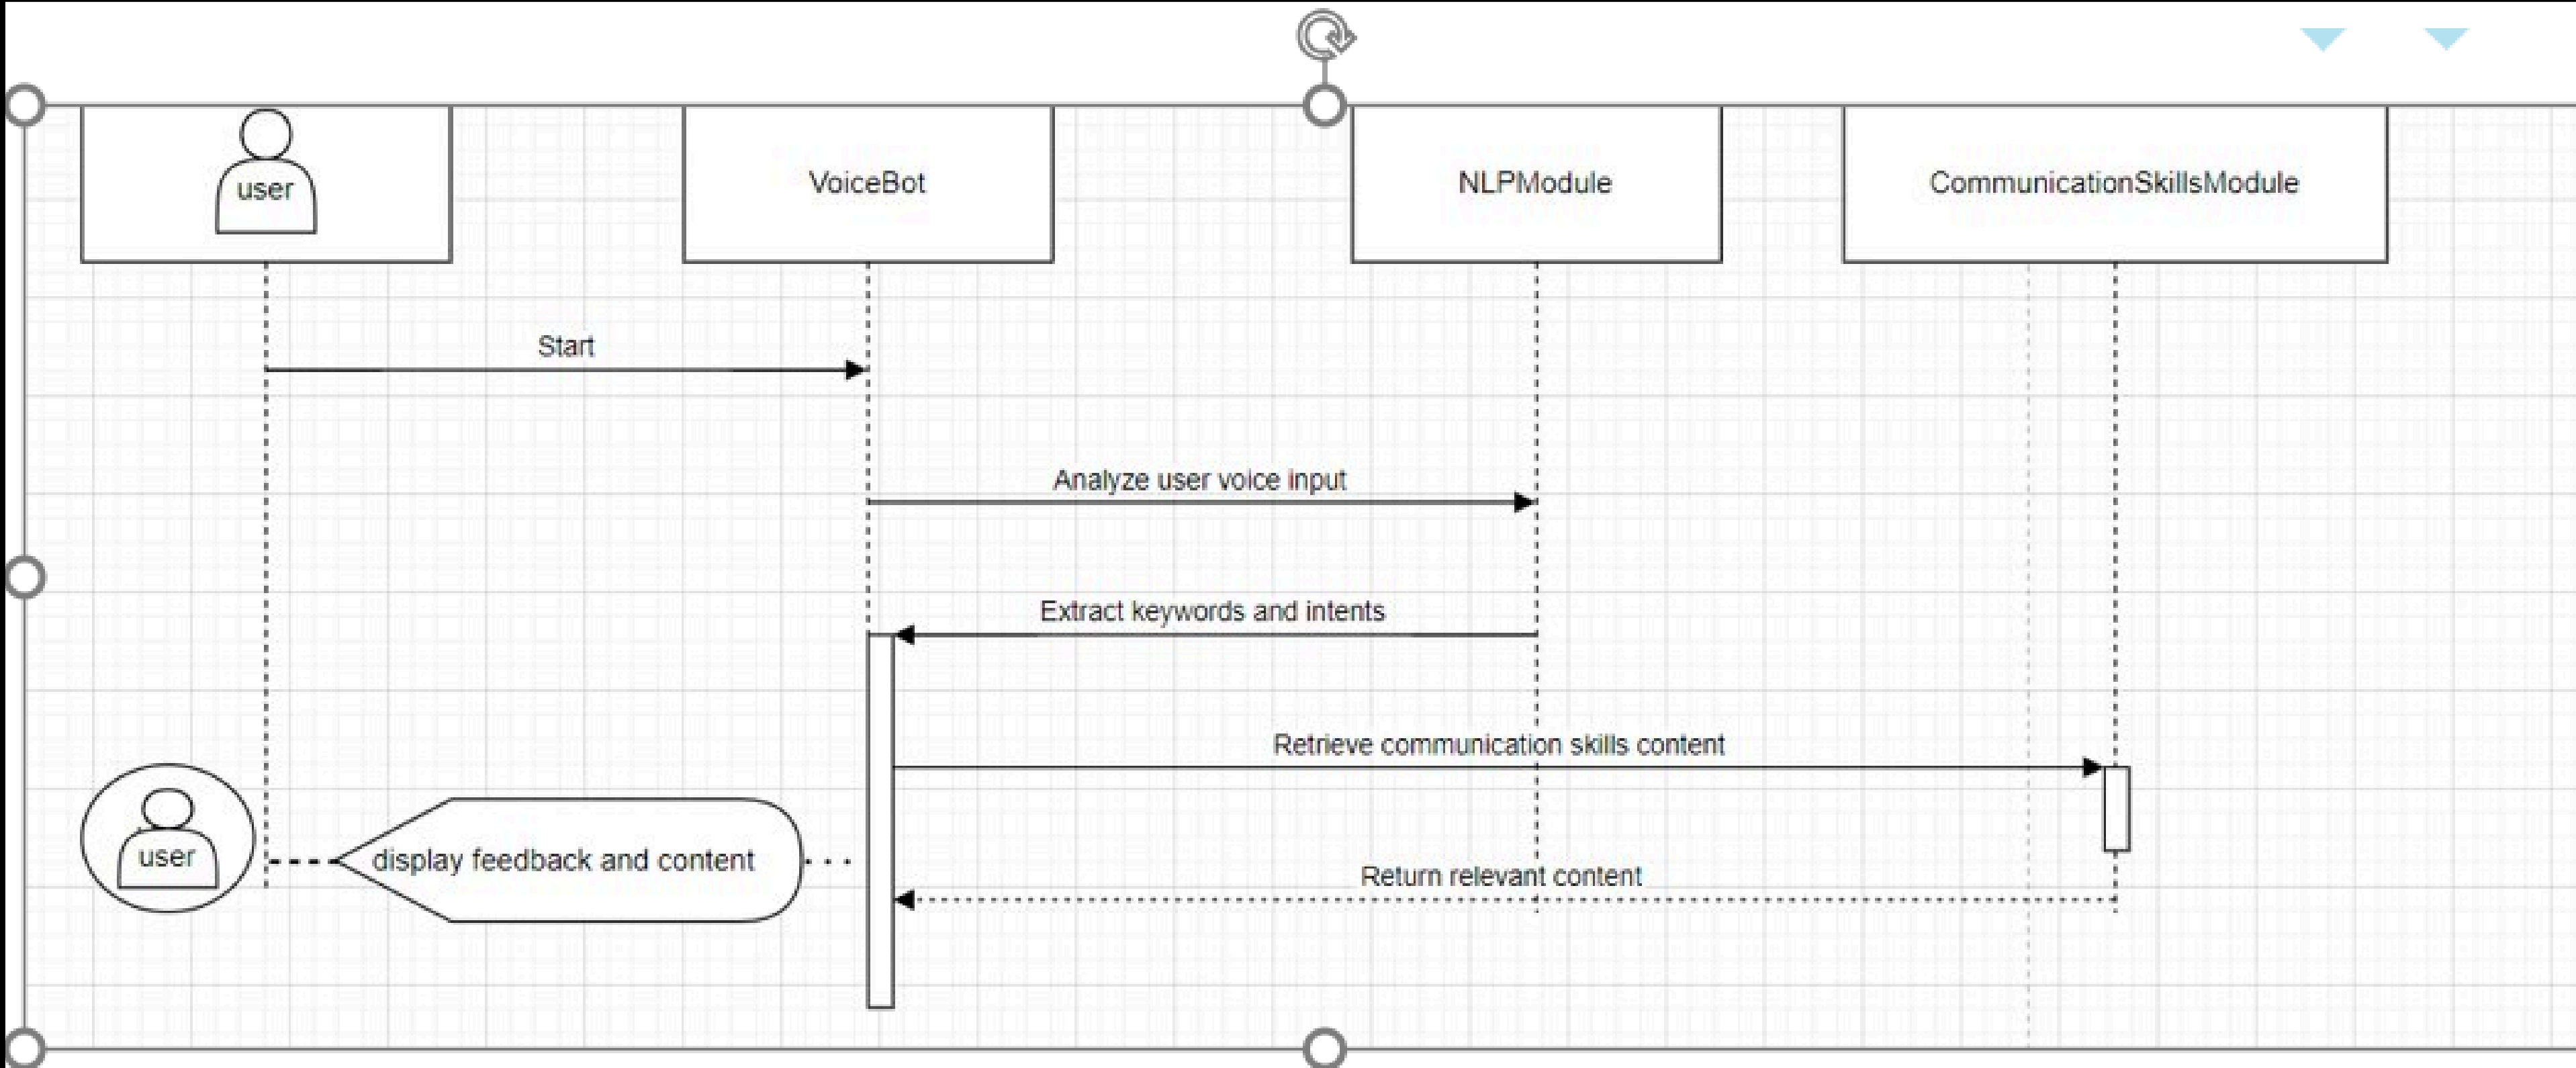

## SOLUTION:

- The integration of artificial intelligence in communication system has revolutionized the way we interact ,making it more efficient ,personalized and intelligent .
- By doing so, we can unlock the full potential of AI-enhanced communication studies to adapt and develop new framework that account for the agency and participation of intelligent machines.

By doing so, we can unlock the full potential of AI-enhanced communication, fostering more effective human-AI collaboration, and shaping a future where humans and machines communicate seamlessly."
